Cloud Professional Services

Transforming Businesses Through Technology

MNJ TECHNOLOGIES

Your digital transformation journey to the cloud is complex and unique. MNJ's Cloud Professional Services portfolio of one-time consultations or project-based engagements gives your IT professionals the support they need to achieve your organization's goals.

MNJ CLOUD PROFESSIONAL SERVICES PRACTICE

Gap Analysis
Identify the challenges and risks associated with a shift to the cloud and build action plans to close identified gaps.

Migration Readiness Assessment Planning (MRAP)
Gain insights into how far along your organization is in their cloud journey and develop a migration plan to move existing on-premises and/or colocated application workloads and associated data.

Cloud Native Development & DevOps
Bring new ideas to market faster with cloud native apps that automate processes and scale efficiently.

24/7 Managed Cloud Support
Monitor cloud applications and workloads around-the-clock to identify incidents and respond faster.

Data Management & Analytics
Visualize data and drive smarter decision-making using machine learning and artificial intelligence.

Identity Management
Manage access, users, policies, and credentials on Microsoft Azure including Active Directory, single sign-on, multi-factor authentication, and more.
