# Benefits of MNJ's Microsoft Copilot for 365 Test Flight

## ✔ Simple and Affordable

Competing Copilot engagements are complex, too expensive, and take months to complete. Our Test Flight engagement changes the narrative.

## ✔ Minimize Time to Value

Test Flight engagements target a 30-day project period. Recoup project costs in record time.

## ✔ Enthusiasm

Success breeds enthusiasm, supporting management's vision for further GenAI deployment.

## ✔ Confidence

GenAI is not widely adopted and is not completely understood yet. Experiencing business value firsthand instills confidence when considering broader adoption.

## ✔ Better Business Decisions

Understanding what is required to succeed with Copilot provides key stakeholders with the data needed to determine their next GenAI steps.

## ✔ Efficiency

By executing a compact project plan, customer time invested is minimal.

## DISCOVER THE VALUE OF COPILOT FOR 365

Make your first GenAI project a resounding success with MNJ's innovative Microsoft Copilot for 365 Test Flight.
